

ACCESSING CLICKVIEW AT HOME

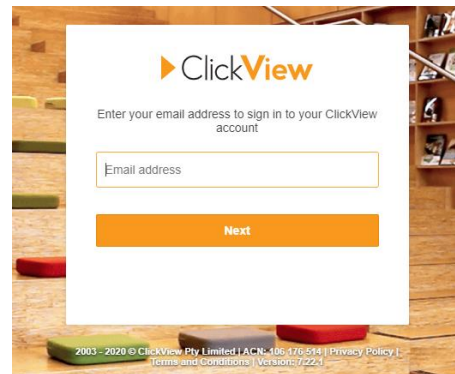

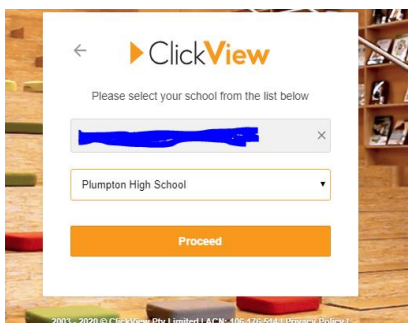

- ▶ **ClickView** is a **Video Learning** application that allows teachers and students to access **Curriculum Related Video Material** to assist with their teaching and learning.
- ▶ **Clickview** distributes curated learning material, and allows teachers to embed a lesson within a video. The service has a wide variety of videos in a range of subcategories that can apply to all fields of study.

There are 2 ways to access ClickView.

- 1) The teacher will add the link to the video on Google Classroom or
- 2) Access ClickView on the Oliver Library page through the student portal
(in both cases students will follow the login procedure 1- 3 below)

- 1) **Student types in their education email address:**
- 2) **The choose their school – Plumpton High- from The drop down menu:**

- 3) **They will then be redirected to their login:**
